

UPDATE March 17:

Number of confirmed coronavirus cases in Lithuania: 22

Number of tests performed yesterday: 118

A total of samples tested in relation to the suspected coronavirus to date: 742

Number of persons who have submitted data to the National Public Health Centre under the Ministry of Health: 43 270

Four new coronavirus cases have been confirmed in Lithuania on Tuesday. One of the patients belongs to a risk group and his condition is complicated.

The latest case of Covid-19 was diagnosed in Vilnius. The person has returned from the Netherlands and has been hospitalised in Vilnius Santara Clinics.

Earlier on Tuesday, three new coronavirus cases were confirmed in Lithuania. Two new were registered in the western city of Klaipeda. One person returned from northern Italy and the other one came back from Denmark. The third case was registered in Vilnius and involves a person who returned from the Czech Republic.

The first woman who was diagnosed with the virus in Lithuania has already recovered and been released from hospital.
