

UPDATE March 22:

Number of confirmed coronavirus cases in Lithuania: 143

Recovered: 1

Number of tests performed yesterday: 384

A total of samples tested in relation to the suspected coronavirus to date: 2086

Number of persons who have submitted data to the National Public Health Centre under the Ministry of Health: 74 887 (as of 20 March).

Lithuania's government on Sunday decided to allow foreigners to cross the country in transit until 00 hours on March 26.

5,000 reagents used for coronavirus tests were delivered to Lithuania on Sunday night. The country's government says it has already ordered almost 200,000 of them.

On March 20, Lithuania confirmed its first coronavirus death after an elderly woman died in Ukmerge.

The first patient, a woman from Siauliai, has already recovered from the virus and been released from hospital.
