

## **UPDATE May 8:**

Number of confirmed coronavirus cases in Lithuania: 1436\*

Deaths: 49

Recovered: 765

Number of tests performed yesterday: 8101

A total of samples tested in relation to the suspected coronavirus to date: 172 191

\*The number of confirmed infection cases. Until 28 April, information has been provided on positive laboratory test results rather than on positive cases (people).

According to the Resolution of the Government of the Republic of Lithuania declaring quarantine on the entire territory of the Republic of Lithuania, the Lithuanian nationals will be allowed, as of 11 May, to travel to Poland for work, business or studies, but they will be required to produce supporting documents: an employment contract, business certificate, company document and a certificate from a Polish education establishment confirming the fact of studying. The documents will have to be shown to the Polish border guards, who on their part will take a final decision regarding the individual entry into the territory of Poland.

The return to Lithuania will be allowed not only through Kalvarija - Budzisko but also through Lazdijai - Ogrodniki border crossing points. The returnees who have travelled to Poland for work, business or studies will not be subjected to 14-days' isolation. The same conditions will apply to the Polish nationals travelling to Lithuania for work, business or studies.

The Lithuanian nationals will be free to travel to Latvia and Estonia as of 15 May. This will be possible through the following three border crossing points with Latvia: Saločiai - Grenstale, Butingė – Rucava and Smėlynė - Medume. It will be also possible to return to Lithuania through the above-mentioned border crossing points as of 15 May. Lithuanians returning from Latvia and Estonia will not be subjected to 14-days' isolation.

The same will apply to Latvian and Estonian nationals.

EU Internal border controls have been extended until 31 May.
