

UPDATE June 17:

Number of confirmed coronavirus cases in Lithuania: 1778*

Deaths: 76

Recovered: 1447

Number of tests performed yesterday: 6026

A total of samples tested in relation to the suspected coronavirus to date: 375 572.

*The number of confirmed infection cases. Until 28 April, information has been provided on positive laboratory test results rather than on positive cases (people).

COVID-19 related restrictions as of 17 June 2020

On 16 June 24:00, the three-month long quarantine ended. As of 17 June, a national state of emergency regime is in place, with the following restrictions applied:

CONTROL OF CROSS-BORDER MOVEMENTS:

- Restriction of the arrival of regular flights and ferries from the affected countries to Lithuania (the affected countries are those with a total 14-day morbidity rate higher than 25 cases per 100,000 population).
- Checks are carried out at airports, Klaipėda Seaport, and at the external EU border crossing points with Belarus and Russia (5 points).
- Control of the arrivals at border crossing points. For those from the affected countries (the EU's external border with Belarus and Russia (5 points) and ferry from Sweden in Klaipėda Seaport):
 - temperature measurement;
 - mandatory completion of a passenger card within 48 hours, by registering electronically or by filling in a paper form;
 - a 14-day isolation is recommended for all;
 - a possibility to obtain incapacity for work if compulsory isolation is accepted.
- For those arriving from other countries, i. e. the unaffected countries, no restrictions apply. Travellers are informed and consulted on further steps in case symptoms occur.
- Passenger control at internal EU borders (Latvia, Poland) is not carried out.

RESTRICTIONS ON ECONOMIC ACTIVITIES:

- Services and trade in public places:
 - safety distance of 2 meters, may be less if there is a partition or if personal protective equipment is worn;
 - distances in queues are at least 1 meter;
 - disinfection; disinfection of trolleys/baskets at points of sale;
